# TridaPro Solutions: Optimizing the Student Journey

By: Team Consultech Wizards
Varun Ram S &
Sayak Mukherjee

Top reasons for quitting studies: Cost of education, employment, marriage

- Economic activities
- Financial Contraints
- Domestic activities
- Not interested
- Marriage
- Completed desired level
- Unable to cope

0   10   20   30   40   50

Individuals to cite one of these reasons for dropping out (in %)

Source: National Sample Survey 2017-18, MOSPI

Reasons why students skip out of Competitive exam preparation

Objectives:

1) Research and Analysis
2) Feasibility Checks

Key Questions:

1) Primary Reasons for Dropout Rates
2) Influence of Various Factors
3) Strategies for Mitigation

Proposed Methodology:

1) Review of TridaPro's Work
2) Market Research
3) Data Collection
4) Analysis of Factors
5) Feasibility Assessment
6) Strategy Development
7) Implementation Plan
8) Stakeholder Engagement

Expected Deliverables:

Comprehensive report detailing the research findings, including analysis of dropout rates, factors influencing dropouts, and proposed strategies for mitigation.

Feasibility assessment report outlining the operational and monetary viability of proposed strategies.

STUDENT ROADMAP AND BENEFITS

TridaPro step-by-step mentoring
- Enrollment in Coaching
- Challenges and Factors Influencing Dropout
  - Continuation in classes
    - Clear NEET/IITJEE
    - Fail to clear NEET/IITJEE
  - Dropout from classes
    - Academic Pressure & Stress
